ACTUAL REALITY

libretto

by

SARAH RARA
ACTUAL REALITY
omni experience

between expectation and mystery
between observation and experience

ACTUAL REALITY
worldly serials
Everyday earthly Everything
Interjections
Soon
Actual Reality
Will be Actual.

A situation
apprehended
tickles the mind
in time.

Cosmic scale questions
Interrelated significance

The obvious
Problems and events

The rising up of
Experience engendered thought
Actual Reality
Sum-totally nev-er-end-ing
streeeedeeeeeaaaam
complete wisdom
Shrieking
Giggling
Mysterious glimpses
towards
A fountain
renewing
A stable shape:
there it is.
Actual Reality
Oh-oh Gravity
Oh-oh Earth Scenario
un-differentiable
generalized principles,
involvements and side effects
Oh-oh radiation
Disintegration
Particle-bending
Sensations
unfocused and ever-designing
Actual reality
Shadowless,
Integrating,
Metaphysical Love
It gets me.
Gravity
Inter-transforming
Differently enduring
Finite units of
comprehension
It loses me
Ego bending
Actually.
How it moves:
Plural and differentiable
wild omni motion system
bound to churn
something discernible—
Optimism
In a sea of permeative
World Question.

Redundant cravings
For earth information
Apples and Walnuts
Salmon and Blueberries
In bowls made of wood
In bowls made of clay
That’s enough
I can feel the weight of things

Overlapping-ly affected
by separatist senses
There are
No-solids
There are
No-things

Only-Interfering and
Non-Interfering patterns

Operative in
Pure principle

Frequency
Synchronizable

A perfect pitch
To ditch.
Nothing created
Nothing lost
Cycling
Closure
A wave
That moves
memory and experience.

Record profits
complete glory
gorgeous alphabet
profound development
not much
in the wake of a single
observant moment
observing anything
really.
Introducing the universe
To humans

Everyday
Spectacular
Actual Reality
